INTRODUCTION

On the 225 rolls of this microfilm publication are reproduced the compiled records that give the military service histories of units in volunteer Union organizations. The compiled records are card abstracts containing information relating to the stations, movements, or activities of each unit or a part of it, and frequently to its organization or composition, strength and losses, and disbandment. Sometimes the names of commanding officers, the dates the unit was called into service and mustered out, the terms of service, and similar information are included.

The compilation of records of service by military units of volunteer Union organizations was undertaken simultaneously with the compilation of the service records of volunteer Union soldiers. The work was begun in 1890 under the direction of Capt. Fred C. Ainsworth, head of the Record and Pension Division of the War Department. The abstracts were made from original muster rolls and returns in the custody of the War Department and from rolls borrowed from the Second Auditor of the Treasury. The abstracts made from the original records were verified by a separate operation of comparison, and great care was taken to ensure that the abstracts were accurate.

Most of the compiled records reproduced on this microcopy are arranged alphabetically by State or Territory. The remainder are for units that were not limited to any one State or Territory; among them are the U.S. Colored Troops, U.S. Volunteers, and U.S. Veteran Reserve Corps. The records are further arranged by organizational breakdown under each unit.

Most of the compiled records for each organizational unit are in jacket-envelopes bearing the title "Record of Events" and giving the name of the unit. Many of the cards contain abstracts of the record-of-events information as found in original muster rolls and returns. Also included are some cards showing the exact captions of the muster-in and muster-out rolls that were copied and the certifications by the mustering officers verifying the accuracy of the rolls. The jacket-envelopes for a few units contain no documents but do contain references to other units with which these units were merged. In some instances the references concern transfers of documents.

Preceding the jacket-envelopes for the organizational units there sometimes are envelopes containing general notation cards giving information relating to the units. Some of the notations are statements of determinations made by the War Department concerning the service of the units; others contain information that was found in original records other than muster rolls and returns.

There are some card abstracts made from returns that are not in jacket-envelopes. These abstracts were accumulated by the War Department to be interfiled with the regular abstracts but were not interfiled, for one reason or another. The usual reason was that the abstracts made from returns were compiled later than those from muster rolls and in some cases the War Department failed to complete the filing of them. The National Archives has collected all the unjacketed abstracts that could be found for each unit and has filed them immediately after the jacket-envelope containing related abstracts for the unit. A card labeled "Additional Card Abstracts of Records" has been placed at the beginning of each set of unjacketed abstracts to distinguish them from the ones that are in jacket-envelopes.

The National Archives also has compiled service records of the volunteer Union soldiers who served in the units whose service histories are reproduced in this microcopy. They consist of a jacket-envelope for each soldier, labeled with his name, his rank, and the unit in which he served and typically containing (1) card abstracts of entries relating to the soldier as found not only in original muster rolls and returns but in other original records such as hospital rolls, descriptive books, and lists of deserters; and (2) the originals of any papers relating solely to the particular soldier. In a few instances there are compiled service records for volunteer Union soldiers who served in units for which there are neither record-of-events nor general notation cards; consequently, there is no record of such units in this microcopy. These units generally served only for short periods (about 1 to 3 months) or failed to achieve a complete organization. There are card indexes that may be used to locate the compiled service record of a volunteer Union soldier. Most of the indexes and some of the compiled service records of volunteer Union soldiers have been microfilmed.

The compiled records showing the service histories of units in volunteer Union organizations reproduced in this microcopy, the compiled service records of volunteer Union soldiers, and the indexes to the latter are part of Record Group 94, Records of The Adjutant General's Office.

RECORD OF EVENTS.

This Co. entered Yorktown, Va. in the forenoon of May 4, 1862, with the regiment. In the afternoon of the same day were ordered to Blonsted Point with two other cos., where we remained performing guard duty two days, when we were relieved by the Regt. N. Y. Vols. and returned to Yorktown, where we remained until May 19, when we went on board transport to go up the river and join our brigade, which was completed at Bristol Station, May 20th. The next day we continued on our way toward Richmond. On the 26th we went into camp near West Bridge. May 27th at 6 A.M. we were again on the march, the rain pouring down on our heads. About 3 P.M. we came upon the enemy near Hanover Pt. where we were engaged about two hours. The loss in our regt. was about 90 in killed and wounded. This Co. being well protected in the road did not meet with any loss. May 29th we returned to our camp. Nothing significant worthy of note until June 2nd, when Gen. Porter's Corps was to retire across the Chickahominy and we were placed in position to assist in covering the retreat. Our regiment was placed on the extreme left of our line. By that engagement this company lost one killed two wounded & one missing. The next day we were ordered upon the march from which we were relieved at 2 P.M. and commenced to march in direction of James River. June 30 we supported a battery on Malvern Hill but met with no loss.

The Regt. broke camp in Hilton Head on
Dec. 6 at 2 o'clock p. m. embarked on
board the transport Calhoun at 2
o'clock in the morning of Dec. 7 left Port
Royal at 1 p. m. and arrived opposite the
Lighthouse of Lybee Island at 4 1/2 p. m.
of the same day. I went with about
100 men on shore that evening and
made a reconnaissance of the western
part of the island toward Fort Pul-
lack. On the following day the re-
mainder of the Regt. was landed and
by 4 p. m. on Dec. 9 was effected the
landing of all our stores and material.
The only person met on the island
was a Swedish sailor, who owned the
keeps of an isolated house situated
on a crag in the center of the island.

RECORD OF EVENTS.

The Regiment was employed during this month in the occupation of Tybee Island, in the observation of the neighboring Fort Pulaski, and in constructing, repairing and remodeling a fort and batteries. Several reconnoissances were made on the inland waters of the Big and Little Tybee with the view of getting a full knowledge of the terrain. On Jan. 27 and 28 a forward movement of our forces was observed from the lighthouse in Warsaw Sound and Wilmington Narrows, and simultaneously in New River and Whale cut. A row boat sent to Wilmington Island reported of having met Commodore Davis with

7 U. S. Gunboats, engaged in removing obstacles in Wilmington Harbors. A cannonade took place in our neighborhood on the 28th, 5 rebel steamers coming down from Savannah. They were first fired at by our steamers near Whale cut, then returned the fire, whereupon, the U. S. fleet in Wilmington Harbors also participated. Two rebel steamers turned against Whale cut, three succeeded in landing at the northerly pier of Fort Pulaski and most likely have left provisions here. A trial of two Parrott guns in battery on the Island did show that their range was too short to reach these boats. The rebel fleet then returned to Savannah through the lively fire of our boats without showing apparently serious loss. On the night of Jan. 27, a deserter from Fort Pulaski came to our pickets at the western extremity of the Island. He is a German by birth named John Hirt. He expressed the wish to enlist in the 46 Regt. N. Y. Vols. and was sworn into the U. S. Service, Jan'y 28.

Feb'y 22, our Company went to occupy Desert Isl.; the Hammock governing the approach, by Legarette Creek, to Fort Pulaski, with 2-6. 1000 lbs. powder. The following day another Company was sent to the same place. The Regt. has, during the month of Feb'y, been more or less employed on fatigue duty, so as to have little time for drilling and since Feb'y 22, the entire available force of the Regt. has been constantly at work in preparing the erection of Batteries. Feb'y 22, while the Companies with one Co. were proceeding to Desert Isl. for the purpose of occupying the Island, 3 men from Fort Pulaski were encountered in two small boats

Two men who were sent with one of the inhabitants of this Isl. to this farm did not return and have been missing.

March 31, Capt. Hinkel and Lieut Rettig with 16 men go in search of the missing men without finding any traces of them. They make prisoner of a Lt. man who was trying to keep up communication between Savannah and Fort Pulaski. The guard boat stationed at night near Hunter's farm under command of Lt. Rettig and the relief boat under the command of Lt. Deviere are attacked by the rebels who, after being repulsed, succeeded in cutting off the one boat and to take 16 men prisoners. The enemy had 1 man killed and several wounded. Lts. Rettig and Deviere return the next day with 18 men and the other boat. The greatest part of the Regt. has remained in camp and has been constantly employed in fatigues duty in erecting batteries, mounting guns, etc.

RECORD OF EVENTS.

The regiment generally was employed in the preparation for the siege of Fort Pulaski and in the subsequent bombardment. Owing to the peculiar position of Westpoint Graduates in our Army, the Field officers of the regiment were totally ignored by Gen. Sherman the Officer commanding the Post, and the men were driven to work by persons with shoulder straps unknown to them. In spite of these serious drawbacks the discipline was generally satisfactory.

RECORD OF EVENTS.

This Comp., with the rest, received orders on the morning of the 9th of May, to march at six o'clock, with three days rations, to guard a Train of Wagons from Raleigh to Egypt, on Chatham Co. We left at 10 o'clock and marched 18 miles and camped for the night, on the 10th we marched at daylight, reached the Horse river at 10 o'clock, a.m., we proceeded to ford the wagons, the water was $\frac{1}{2}$ feet deep, we succeeded to without losing anything but a few arms. We crossed the deep river at near Lockville, on a bridge the same day, and camped 8 miles from Egypt, on the 11th we loaded the wagons over

Noonan

with machinery that had
been stolen from Harper
Ferry. We remained for three
days loading the wagons,
and then we commenced
our return march on the
13th, and reached Raleigh,
on the 16th, and where we
are at present encamped,
